OLD IOTA 01 | NEW IOTA 01 | 18:19 Uhr | Reports

Marcus reports from the Executive Board

- **Paul Weiß** resigned on 04.09.2025 from his position as member of the executive board and member of the StuCo for personal reasons, as collaboration was unfortunately no longer possible.
- Today, **5 amendments to the rules** were announced. These concern updates to references.
- Recently, a **warning system for finances** was introduced. If student department councils (FSRe) commit serious mistakes or engage in illegal activities, this will have concrete consequences in the future.
 - On the first violation, there will be a warning and a clarifying meeting between the FSR, StuCo finances, and the StuCo executive board.
 - On the second violation, the FSR's finances will be frozen for one month.
 - On the third violation, the freeze will remain in effect until the end of the semester.

Warnings and freezes always only apply to the current semester. Freezes must be approved by the StuCo. The system was jointly developed by the Executive Board and Finances and is based on § 37 (2) of the Financial Regulations (FinO).

- Yesterday the **fzs** finally confirmed that since August 21st we are once again a supporting member and thus can save on GEMA fees again.
- Today the StuCo received an **invitation to the award ceremony** of the Charlotte-Figulla Prize 2025 and the 24th Jena Prize for Civil Courage on 26.09.2025 at 5 pm in the Historic Town Hall of Jena. If you are interested, feel free to attend.
- **Our ballot box (Wa(h)l-Urne)** finally has whales again!

Klara reports from the Market of Opportunities

- The organization of the **MdM** is still ongoing.
- More than **90 booths** were registered until now.
- However, we are unsure about **3 booths**, whether to allow them: the Chinese Christian Fellowship, the Revolutionary Communist Party, and Viva con Agua. What does the committee think about these booths?
- **The committee** supports Viva con Agua and rejects the Chinese Christian Fellowship and the Revolutionary Communist Party.
- **Klara** will inform the respective groups of the result.

Anne reports from the Election Board

- **The Constituent Meeting** for the StuCo of the new term will take place on Sunday, 05.10.2025 at 3 pm in SR 113.
- Another **resignation** from the new committee has been recorded.
- The Election Board has created a **"How to Konsti"** for the student department councils (FSRe) and sent it to all of them.

Anne reports from the Department of Internal Affairs

- The Department of Internal Affairs has by now received (almost) all **student department statutes**. These are now being reviewed one by one, after which the respective FSRs will be contacted.

Peter reports from the Public Relations Department

- On November 28, this year's **Reception for honorary posts** will take place.

Willi reports from Finances

- There will be **new forms and templates** for releases of funds, finance applications, finance plans, and financial outcome overviews. The background is to resolve issues from day-to-day operations that slow down the process of applying for and reimbursement of funds. The biggest change will be the combination of the currently three one-page forms (FSRe, departments, and FSR-Kom/StuRa) into a two-page general form, which includes necessary additions compared to its predecessors and thereby also reduces the workload of the financial plan template.

Motion Text

Hello everyone,

due to the new agreement on the International Center in the “Haus auf der Mauer”, starting from approximately 01.10.2025, we will save a significant amount of money by relinquishing the KoKoS staff positions. Therefore, a supplementary budget has urgently been prepared, which we would be happy to discuss.

OLD IOTA 07 | NEW IOTA 07 | 18:52 | Discussion & Decision: Funding Application FA-002-2025_26 – Panel Discussion (Aaron Friedrich & Maximilian Greb)

Motion Text

Dear MoStuCo,

The event emerged from our partially self-organized reading group in the Master's program in Social Theory. In the course of our intensive engagement with Herbert Marcuse's "One-Dimensional Man" (1964), we found that the work offers surprisingly many points of connection to current debates in social theory. Marcuse's analysis of the "one-dimensional society", his critique of advanced industrial society, the associated technocratic domination, as well as his reflections on possibilities of liberation, seem to us highly relevant even today. Out of the desire not only to discuss these insights in a small circle but also to make them accessible to a broader audience, the idea for a public event was born.

Best regards

Discussion

- **Aaron Friedrich** (movant) presents the motion.
- **Levke** asks whether there is enough money in the budget.
- **Willi** explains that this is the case, since otherwise only the FA for the KONTRA magazine was submitted, which unfortunately could not yet be settled due to pending legal questions.
- **Anne** asks whether the FA for "DaF ist für alle" was not also settled in this fiscal year.
- **Willi** explains that even with these costs, the budget (including overdraft) is still sufficiently covered.

Draft Resolution: The Student Council of the FSU Jena decides the Finance Application FA-002-2025_26 amounting to 500€ from the budget title A.08.01.

Voting: 10 Yes / 0 No / 0 Abstention

Aaron Friedrich is leaving the session at 18:58.

OLD IOTA 08 | NEW IOTA 08 | 18:58 | Discussion & Decision: Release of Funds M-SPORT-004-2025_26 – Karate (Sports Department)

Motion Text

Dear all,

In January, the EUSA in Karate took place. This concerns the subsequent approval of registration fees. The registration fees amount to 300 €.

Discussion

- **Marcus** presents the motion.
- **Anne** asks why we are once again deciding retroactively on an release of funds for the Sports Department.
- **Willi** explains that the athletes approached the Head of our Sports Department too late and that it is not his fault.
- **Anne** sees a problem in the fact that the delay concerns half a year and points out that this may not be compatible with the FinO. She also mentions that a few months ago it was discussed that the Sports Department was broke.
- **Willi** explains that the decision could only be covered by the supplementary budget.
- **Klara** asks whether we should really be planning with money that has not yet been approved.
- **Levke** explains that she believes she already knows the athlete from a previous release of funds. He should therefore be aware of the deadlines.
- **Anne** explains that §35 (2) of the FinO states that corresponding missing decisions must be “made up for immediately in the case of objective justification”. For her, half a year no longer falls within this framework.
- **Levke** feels that 300 € in registration fees for one person is also comparatively very high.
- **Ernst** suggests that we could only pay it in portions.
- **Several people** reject this option.

Draft Resolution: The Student Council of the FSU Jena decides the Release of Funds M-SPORT-004-2025_26 amounting to 300 € from the budget title A.02.11.

Voting: 0 Yes / 6 No / 4 Abstention

rejected

OLD IOTA 09 | NEW IOTA 09 | 19:08 | Discussion & Decision: Release of Funds M-SPORT-005-2025_26 – Volleyball (Sports Department)

Motion Text

Dear all,

In May, the adh championships in volleyball took place. This concerns the subsequent approval of registration fees. The registration fees amount to 150€.

Discussion

- **Marcus** presents the motion.
- **Willi** wonders why the registration fees differ so much in amount from the EUSA.
- **Levke** explains that this is often due to the type of organization.
- **Anne** sees the same problems as in the previous funding release.
- **Ernst** asks whether this is a similar situation to the previous IOTA.
- **Marcus** explains that this is also a retroactive decision. However, the championships did not take place as long ago as in the previous IOTA. Another problem is that the invoice was not issued to the student body, but to Department 2 of the university.
- **Sander** explains that he sees a difference between 150€ for 6 people and 300€ for one individual, and therefore considers the funds more justified.
- **Anne** explains that the sports science students (SpoWis) in general should be more aware of the deadlines.
- **Levke** asks whether we should vote on this if Department 2 received the invoice.
- **Anne** explains that the university normally never pays for that.
- **Ernst** asks whether a postponement might be sensible.
- **Willi** explains that it makes no difference whether we postpone or reject it, since in any case it would have to be resubmitted in the new term.

Draft Resolution: The Student Council of the FSU Jena decides the Release of Funds M-SPORT-005-2025_26 amounting to 150€ from the budget title A.02.11.

Voting: 0 Yes / 2 No / 8 Abstention

rejected

OLD IOTA 10 | NEW IOTA 10 | 19:17 | 2. Reading & Decision: Amendment of the Order of the Student Council

“Department-Merger” (Department of Internal Affairs, Department of Equality, Department of Human Rights and Antidiscrimination)

Motion Text

Dear all,

The Department of Internal Affairs has been approached by the heads of the two departments Gender Equality and Human Rights & Anti-Discrimination, as they would like to apply for a merger of their departments. The reason for the merger is the strong overlap in their subject areas. Both departments deal with anti-discrimination and supporting students in everyday university life. Therefore, it is not clear to either the Heads or the students where the substantive differences lie. Furthermore, both departments have long been understaffed and therefore less active than desirable. A merger could also help in this regard.

Discussion

- **Klara** presents the motion.
- **Anne** asks whether it should be “Ansprechpunkt” (contact point) or “Ansprechpartner” (contact person).
- **Willi** asks whether perhaps “Anlaufstelle” (point of contact) would be better.
- “Ansprechpunkt” convinced the majority.

Draft Resolution: The Student Council of the FSU Jena decides to merge the Department of Equality and the Department of Human Rights and Antidiscrimination under the name “Diversity Department.”

Voting: 10 Yes / 0 No / 0 Abstention

accepted

OLD IOTA 11 | NEW IOTA 11 | 19:21 | Discussion & Decision: DB-Ticket Contract Extension (Executive Board)

Motion Text

Dear all,

The Studierendenwerk Thüringen asked us last week whether we want to extend the currently dormant contract for the Thüringen semester ticket, which runs until SuSe 2026, from the WiSe 2026/27 with a maximum 6 % price increase per semester. Why is this important? If the Germany-wide semester ticket is abolished, we would no longer have a ticket in Thuringia if we let the Thüringen semester ticket expire. Therefore, we consider an extension of this suspended contract very sensible. Especially since even the Studierendenwerk assumes that DB Regio would only extend the contract now.

Best regards,
Klara & Marcus

Discussion

- **Klara** presents the motion.
- **Willi** asks whether this was not part of the referendum and why a referendum is not needed now.
- **Anne** explains that it was part of last year's referendum, but not this year's.
- **Marcus** explains that it is possible since it is only an extension of an inactive contract.
- **Klara** explains that the Executive Board has consulted with the legal department and the StuWe, and that a vote in the StuCo is possible.
- **Anne** explains that the price increase of the railway was not yet determined at the time of the last referendum.

Draft Resolution: The Student Council of the FSU Jena decides to approve the draft contract for the DB Regio Thüringen semester ticket, thereby extending the ticket from the winter semester 26/27 with a maximum 6 % price increase per semester.

Voting: 10 Yes / 0 No / 0 Abstention

OLD IOTA 12 | NEW IOTA 12 | 19:27 | Discussion & Decision: English Record (Executive Board)

Motion Text

Dear all,

We would like to also create our records in English in the future, so that it is easier for international students to follow the work of the StuCo and to get involved if they wish. We would like to discuss this with you.

Best regards,
Klara & Marcus

Discussion

- **Klara** presents the motion.
- **Jil** asks whether this makes sense if the website is only in German.
- **Klara** explains that she also wants to add an English section to the website and is currently discussing implementation possibilities with our webmaster.
- **Willi** explains that English technical terms sound fancy.

Draft Resolution: The Student Council of the FSU Jena decides that from now on all future records must also be published in English. The deadline for publishing the English-language records is 14 days after the StuCo meeting.

Voting: 10 Yes / 0 No / 0 Abstention

accepted

OLD IOTA 13 | NEW IOTA 13 | 19:32 | Discussion & Decision: Settlement Agreement (Executive Board)

Motion Text

Dear MoStuCo,

As some of you may recall, the student body has been involved in a legal dispute with Frieta GbR for some time, among other things regarding the use of the designation "Fachschaftsrat Wirtschaftswissenschaften". In this regard, our lawyer and the lawyer of Frieta GbR have drafted a corresponding settlement proposal, which we would like to put to a vote. As of now, we are still missing Annex 1 mentioned in point 2.4, as well as an overview of the legal costs that would arise in the context of such a settlement. If we receive these before the meeting, we will provide them; otherwise, we recommend postponing this IOTA.

Discussion

- **Klara** presents the motion. The questions from the last meeting have been answered by our lawyer, and the agreement has been adjusted accordingly. The updated settlement agreement is available and is being circulated.

Draft Resolution: The Student Council of the FSU Jena approves the submitted updated settlement agreement.

Voting: 10 Yes / 0 No / 0 Abstention

accepted

OLD IOTA 14 | NEW IOTA 14 | 19:36 | Discussion & Decision: Settlement- and Usage Granting Agreement (Executive Board)

Motion Text

Dear MoStuCo,

As of now, the logo rights of the FSR Economic Studies are held by Florian Rappen. For the legal security of the student body, however, it is advisable that these rights be held by the student body. In connection with the drafted settlement agreement, Mr. Rappen has therefore agreed to transfer his corresponding logo rights to the student body for a payment of 400 €. In the following attachment, you will find the usage rights contract drafted by our lawyer and Mr. Rappen's lawyer.

Discussion

- **Klara** presents the motion. In the meantime, there has been a discussion with the FSR WiWi, and they have approved the 400 € payment for the logo.

Amendment from **Klara Wilde**: delete “, as well as the legal costs arising from the settlement proposal of _____ €”

accepted by the applicant

Draft Resolution: The Student Council of the FSU Jena approves the submitted settlement proposal.

Voting: 10 Yes / 0 No / 0 Abstention

accepted

OLD IOTA 15 | NEW IOTA 15 | 19:42 | Miscellaneous**Colored Boxes in Records**

- **Willi** explains that from now on, there will be colored boxes in the records. The corresponding color shall be determined at each meeting under Miscellaneous. Suggestions for the meeting color must be submitted to the Executive Board by email before the start of the session.
- **Anne** would like #2CF4E0 (turquoise).
- **Leo and Ernst** would like #686C5E (concrete gray).
- **Anne** also suggests FMI blue.
- **Katharina** suggests #B00B69 (magenta-red).

Point of Order from Marcus Hansen: Opinion gathering

no objection, Point of Order accepted

Opinions are gathered about which color should be chosen as the meeting color for the current session.

Result: 3 turquoise / 3 concrete gray / 3 blue-green / 5 magenta-red

Executive Board

- **The Executive Board** would like to sincerely thank all MoStuCo, cMoStuCo, and guests for their collaboration during this term of office. For everything we have achieved together, for every long evening we endured together, and for every discussion we had together, we say thank you. The exchange with all of you has given us great joy.
We hope that, as the Executive Board, we have done good work and met your expectations. We would greatly appreciate any feedback.
We bid farewell to everyone who will not accompany us in the next term, while at the same time already looking forward to the exchange with the new StuCo. For the new term, we are excited about which interesting topics we will discuss, what changes will occur, and which people will shape this time.
- **The dual role of Willi Kröning** raises the question of whether Willi prefers his desk in the Finances office or the one in the Executive Board office. A possibly forming layer of dust may answer this question by the time of the constituent meeting.

We wish everyone who has read this far a wonderful start to the new semester.
