Public Record

18th Session | StuCo | Term 2025/26

12th May 2026 | 18:22 - 20:25 | SR 114 | Carl-Zeiss-Straße 3

DISCLAIMER: This translated record is not legally binding and just for informational purposes. For the legally binding document see the german version.

present MoStuCo: Andreas Bagehorn, Chiara Daskiewitsch, Katharina Gabriel (til 20:08), Jan Haedicke, Marcus Hansen (from 18:25), Clara Höpfner (18:25 til 20:13), Willi Kröning, Niklas Menge, Robert Pohle (from 18:30), Maurice Reitzig (18:25 til 20:13), Akin Rosenkranz (18:25 til 20:20), Leonard Schönfeld (til 20:01), Nele Wagner, Paul Weiß (til 20:17), Peter Wiemuth (18:25 til 19:59), Klara Wilde, Antonia Zahn

excused MoStuCo: Bennet Hartung, Stefan Huber, John Kaube, Max Weber, Christoph zur Mühlen

unexcused MoStuCo: Henning Sylla, Götz Wagner

dormant MoStuCo: Nikolai Demisch, Aenna Fink, Carla Franke, Jonah Hohlfeld, Sander König, Smilla Kreuzberg, Luisa Queck, Linda Raschke, Reiner Sandmann, Lenard Thost

present cMoStuCo: Tom Daubmann (Deputy Treasurer), Max Dietrich (Election Board), Lea Koenzen (CRJ), Kat Schmidt (Budget Manager)

Guests: Levke Jansen (til 20:01), Rika König (til 19:04), Lydia Vogel (til 19:04)

Executive Board: Chiara Daskiewitsch, Jan Haedicke, Klara Wilde

IOTA 01 → 01 | 18:22 | Discussion & Decision: Coordination of the "Market of Opportunities" 2026 (Klara Wilde)

Motion Text

Dear All,

The last Market of Opportunities took place in October 2025. The MoO is a major student event that showcases the wide range of cultural, political, and social opportunities the city has to offer to newcomers at our university. In addition to booths run by various non-university and non-student groups, clubs and organizations—either composed entirely of students or providing support services for them—also introduce themselves.
In recent years, the MoO has grown to a significant size and requires central coordination to maintain an overview and, for example, handle communication with exhibitors and Department 4, as well as keep track of the schedule and finances.

We are looking for at least one new coordinator for the 2026 Market of Opportunities.

Discussion

- **Levke** volunteers to be a tribute. **Andreas** knows someone who would also be willing to help.
- There is no need for the two people to introduce themselves or answer questions.

Clara Höpfner is entering the session at 18:25.

Maurice Reitzig is entering the session at 18:25.

Marcus Hansen is entering the session at 18:25.

Akin Rosenkranz is entering the session at 18:25.

Amendment from **Kat Schmidt**: Replace the dashes in the text of the resolution with Benita Stedtler and Levke Jansen.

no objection, accepted

Draft Resolution: The Student Council of the FSU Jena appoints Benita Stedtler and Levke Jansen as coordinators for the 2026 Market of Opportunities

Voting: 16 Yes / 0 No / 0 Abstention **accepted**

- **Willi** asks whether Levke is even eligible for an expense allowance, since she is not a member of the student body.
- **Klara** recalls that there have been similar cases in the past, but she's not sure.
- **Marcus** believes that it refers to the legal entity known as the Student Body.
- **Klara** clarifies that this is stated within the student body.

- **Peter** says that the rules for the Public Relations Department logo contest definitely stated that the participant had to be a member of the student body.
- **Nele** asks whether the topic had already been discussed back then.
- **Peter** is unsure.
- **Klara** suggests looking into the matter again after the meeting.

IOTA 02 → 02 | 18:30 | Reports

Max reports from the Arbitration Commission

- **Max** reports that two weeks ago, the arbitration committee held a meeting to clarify the complaint regarding the trip to KIF. During the meeting, it was agreed that the complaint would be withdrawn for the time being. This means that you don't necessarily have to use the Deutschland-Ticket to travel more affordably.
- **Klara** explains that there had been a big discussion. It centered on the interpretation of the administrative regulations of the ThürRKG, and it was claimed that we must use the Deutschland-Ticket if we have one, and that, accordingly, no other tickets can be reimbursed.
- **Kat** subsequently submitted a request to the ministry to clarify the exact interpretation of the administrative regulation. The Thuringian Ministries of Finance and of Education, Science, and Culture have expressed support for our interpretation and referred to a previous letter addressing a similar issue. Consequently, the rule remains that if a long-distance train trip saves more than one hour, we can cover the cost of that trip.
- **Klara** reports that travel expenses can be reimbursed just as before.
- **Max** is very glad that we have the answers in writing, since we can now show them if any agency were to complain about this.

Kat reports from the ballot committee

- The referendum went smoothly. Ballots from past referendums have been destroyed to free up space in the executive board's safe. Counting and destruction logs are available for all cases. In addition, the vote count was successfully completed; the results are already posted on the website and will soon be sent again via email to all students. All three course modules will be retained.
- Funeral directors have received the shredded ballots as stuffing for pillows. Three cheers for sustainability!

Klara reports from the Gender Equality Advisory Board and/or the Senate

- Our university will be hosting the Diversity Lab event series and Diversity Days over the next few days and weeks. Feel free to join!
- The university senate decided today that the university will apply to become a Fairtrade University.
- The university wants to enter into new printing contracts because there are an incredible number of printers on campus, and only a very small portion of them are covered by lease agreements. The plan is to gradually replace the devices in a centralized manner. The goal is also to reduce the number of devices; in other words, printers in individual offices are to be phased out. A proposal to restrict printer access to fingerprint recognition only was met with some skepticism by the Senate. The number of printers used by students is to remain the same, but their locations may change so that they are more evenly distributed.
- **Marcus** asks who came up with the idea for fingerprint recognition.
- **Klara** clarifies that the proposal came from the executive committee.

Klara Reports from the Board of Directors

- The city would like to revive the Kulturticket Working Group. If you're interested, please feel free to contact us.
- **Chiara** adds that we were invited to a cycling event on June 7, though the invitation wasn't specifically for us—it was more for the entire university.

IOTA 03 → 03 | 18:45 | Determination of the Quorum and Discussion & Decision of the Agenda

Determination of a quorum

- Of the **34** elected MoStuCo members, **10** have suspended their mandates.
  This leaves **24** MoStuCo members eligible to vote.
- A quorum is reached when **13** MdStuRa members eligible to vote are present.
  A two-thirds majority is achieved with **16** yes votes from the voting MoStuCo members present.
- There are **17** voting MoStuCo members present; the body is therefore **quorate**. A two-thirds majority is **possible.**

vorläufige Tagesordnung

IOTA 1	*Discussion & Decision: Coordination of the "Market of Opportunities" 2026 (Klara Wilde)
IOTA 2	Reports

Discussion

There are no comments on the agenda.

Draft Resolution: The Student Council of the FSU Jena adopts the agenda below.

Voting: 17 Yes / 0 No / 0 Abstention **accepted**

Approved Agenda

In accordance with the preliminary agenda

IOTA 04 → 04 | 18:46 | Discussion & Election: Editor-in-chief Akrützel (Vorstand)

Motion Text

Hello everyone,

We have received an application for the position of editor-in-chief of Akrüzel.
You can find it in the non-public meeting materials.

Best regards
The Board

Discussion

- **Vivien** unfortunately can't be here today, so the board will report on the job interview.
- **Klara** would like to start by noting that she'd like the employment contract to begin as early as May 15, so it would be great if we could vote on it today.
- **Chiara** asks if we could postpone this agenda item during the meeting, since Dario has to sign a contract that will cut his hours in half beforehand, and she hopes he'll still be able to make it to the meeting.

Point of Order from **Chiara Daskiewitsch**: Let's put this IOTA on hold until Dario arrives. We can't finalize the new contract with Vivien until Dario signs the contract amendment that reduces his position to half-time.

no objection, Point of Order accepted

Rückkehr zu TOP 04 um 18:58 Uhr auf *Seite 10*

IOTA 05 → 05 | 18:49 | Discussion & Election: deputy HHV (Executive Board)

Motion Text

Hello everyone,

We have received an application for the position of deputy budget manager.
You can find it in the non-public meeting materials.

Best regards
The Executive Board

Discussion

- **Rika** introduces herself. She is in her sixth semester of psychology; she helped out as a deputy HHV last year but then had to step back for a while due to a lack of time caused by her studies. Now that she has more time again, she would like to help out.
- Question from **Kat**: What is her favorite dinosaur? Answer: Crocodile
- **Tom** asks about her favorite emoji. Answer: Smiling emoji with a tear

Rika is asked to step outside.
The matter is discussed internally.
Rika is asked to come back in.

Mandate Review and Counting Commission consisting of **Tom Daubmann, Willi Kröning and Peter Wiemuth**

no objections

Election for: Rika König as deputy HHV (∞ *available position(s)*)
candidates + Election results:

- Yes: 14
- No: 1
- Absention: 2

elected, accepts

Nele Wagner is leaving the session at 18:57.

Point of Order from **Chiara Daskietwitsch**: Resumption of IOTA 4

no objection, Point of Order accepted

IOTA 04 → 04 | 18:46 | Discussion & Election: Chefredaktion Akrützel (Vorstand)

The IOTA was suspended and will resume at 6:58 p.m.

Discussion

Amendment from **Chiara Daskiewitsch**: Amendment to the resolution text: The Student Council of the FSU Jena elects _____ as editor-in-chief of *Akrüzel* effective June 1, 2026, provided that the current editor-in-chief position is reduced from 16 hours to 8 hours via an amendment to the contract.

Nele Wagner is entering the session at 19:00.

- **Klara** talks about her job interview with Vivien.
- **Vivien** already has experience at Akrützel and had previously been in the running for the editor-in-chief position. She is already carrying out the duties of the editor-in-chief. It would therefore only be fair for her to be compensated for her work.
- Her favorite dinosaur is the Archaeopteryx. Her favorite emoji is the sun or the :) emoticon.
- **Peter** asks how she plans to ensure that fewer errors creep into the Akrützel.
- **Marcus** refutes the criticism of Akrützel. He says Akrützel is a great piece of journalism, and that nitpicking wouldn't help anyone.
- **Klara** adds that the Akrützel was recently voted the second-best college newspaper. **Max** jokes that there's still room for improvement.
- **Klara** would like to hear more questions about Vivien, not about Akrützel in general. There are no further questions.

Rika König is leaving the session at 19:04.

Lydia Vogel is leaving the session at 19:04.

Mandate Review and Counting Commission consisting of **Willi Kröning, Tom Daubmann and Akin Rosenkranz**

no objections

Election for: Vivien as the second editor-in-chief of Akrützel (*1 available position(s)*)
candidates + Election results:

- Yes: 15
- No: 1
- Absention: 1

accepted, (accepts the election retroactively)

IOTA 06 → 06 | 19:09 | Discussion & Election: deputy KV (Executive Board)

Motion Text

Hello everyone,

We have received an application for the position of assistant treasurer.
You can find it in the non-public meeting materials.

Best regards
The Executive Board

Discussion

- **Klara** introduces herself. As noted in her application, the FinO stipulates that one member of the Executive Board should also serve as a deputy KV or HHV. Therefore, she would be happy to take on this role.
- **Andreas** asks what Klara personally thinks of this provision in the FinO.
- **Klara** reports from the Finance Committee that, in the event of the chairperson's absence, the responsibilities would fall to the board anyway. Therefore, she thinks it makes sense to be familiar with the tasks beforehand.
- Also, it would of course be great if Klara could man the register sometimes, in case Willi and Tom are both busy. But she wouldn't work as much as Tom does right now, of course—it would be more of a backup for emergencies. Plus, she'd work for free!

Klara leaves the room
Kat temporarily takes over as chairperson
An internal discussion ensues
Klara is asked to come back in

Mandate Review and Counting Commission consisting of **Peter Wiemuth, Tom Daubmann and Willi Kröning**

no objections

Election for: Klara Wilde als stellv. KV (∞ *available position(s)*)
candidates + Election results:

- Yes: 12
- No: 3
- Absention: 2

elected, participates in

IOTA 07 → 07 | 19:27 | Discussion & Decision: Amendment to the contribution regulation (HHV)

Motion Text

Dear MdStuRa,

As some of you may recall—and others can certainly read about in an old issue of Akrützel—the student body once had a problem with taxes. Or, to be specific: the fact that it should have been paying taxes for years but didn't know that was the case because it hadn't been aware of the legal change that made this necessary. This resulted in a special tax audit and several back-payments. In recent years, old financial statements were still pending review at the tax office; so while part of the back taxes had already been paid, the pending audit report for the three years 2017–2019 continued to hang over our heads.

At the same time, the ThürStudFVO stipulates that we are not allowed to hold reserves in any arbitrary amount. Consequently, we were unable to build up reserves specifically for this purpose in recent years, even though we were aware of the upcoming payment. Furthermore, it was completely unclear when the audit would be completed—the current audit for the year 2018 has been ongoing for more than two terms, with no end in sight. The university's internal audit department also repeatedly urged us to reduce our reserves. We therefore did so in recent semesters.

We have now been informed that the audit report is expected to be completed shortly. The tax auditor intends to estimate €100,000 in taxable income for each of the three years, since the source of the income can no longer be verified based on the accounting records from that time. At the same time, input tax amounts that have already been recorded will, of course, be taken into account.

Under these circumstances, the total additional tax liability would amount to approximately €45,000 for all years under audit. We have not yet received the auditor's final report, but it is expected as early as next week. The payment of approximately €45,000 would therefore be due in the not-too-distant future.

Our current budget allocates 5,000€ for the back taxes. Intellectually and mathematically gifted individuals will note that this leaves a shortfall of 40,000€ that must be covered.

Deducting the 45,000 euros from our current budget would severely jeopardize our liquidity. It is fundamentally impossible to save 40,000€ in other budget lines—the FSR allocations are already set by the FinO and therefore cannot be changed. Even a drastic cutback in other budget lines would not be able to make up the 40,000€ shortfall and would simultaneously render the student body unable to function.
Therefore, in my view, there is exactly one option left: We must raise student tuition fees on a one-time basis in order to make up the 40,000 €. With an estimated 16,000 students, an increase of 2.50 € per person would ideally result in exactly the additional 40,000 € needed.

In consultation with the Internal Audit Department and the Legal Office, I would therefore like to propose precisely this amendment. Since this is a one-time necessity, this increase in tuition fees will apply only to the 2026–27 winter semester. A permanent increase, as has been under discussion for some time, can only be addressed at a later date.
Since the amount of the semester fee must be determined shortly, we have a very tight schedule to read and approve this amendment twice. This means we must meet again on May 19.
At the same time, the supplemental budget must be presented, which I am submitting as a separate agenda item. Ideally, this should also be approved on May 19. It is therefore extremely important that more than half of all MdStuRa members attend the meeting on May 19 and exercise their right to vote.

If you have any questions regarding the amendment to the rules of procedure, you can reach me at finanzen@stura.uni-jena.de.

Best regards,

Your HHV (and thank you so much for the vote—really great timing)
Kat

Discussion

Klara takes over as Session Leadership again.

- **Kat** explains the situation: The tax office informed us that the shortfall is not 40 000 € but only about 7 000 €. This is frustrating, since a contribution increase had already been drafted and Kat had invested a lot of time in it. We now have to pay 2 000 € more than was budgeted under the relevant budget line item, which is possible due to the 50% overrun allowance—meaning that no increase in the contribution is necessary after all.

Members of an FSR arrive at the meeting with cash that they would like to store temporarily.

Willi Kröning is leaving the session at 19:28 (including FSR).

Point of Order from **Kat Schmidt**: Non-referral
no objection, Point of Order accepted

IOTA 08 → 08 | 19:33 | Discussion & Decision: Supplementary Budget 2026_27 (HHV)

Motion Text

Dear MdStuRa,

Here is the promised supplemental budget.

To make it as easy to understand as possible, I've made two major changes to the presentation:
First, I've added an extra column showing the figures from the 2026–27 budget. In my opinion, this makes it easier to compare the respective figures and the changes between the budget and the supplemental budget.
Second, I'm attaching the preliminary explanatory memorandum, which will be sent to Internal Audit along with the plan once the supplemental budget is approved. This way, the changes that have been made may already be more clearly justified. Of course, I'll continue to be available before and during the meeting to answer any questions.

I'd like to remind you once again that we're planning the first reading on May 12 and the second reading—along with the vote—on May 19, so that the amendments to the membership fee regulations can be submitted on time. That's a tight schedule. That's why we welcome your comments and suggestions at any time—even now—and, above all, look forward to seeing you there on May 19!

Best regards

Kat Schmidt
Budget Manager

Discussion

- **Kat** refers to her remarks from the previous agenda item. We need to tighten our belts. The reserves for the current fiscal year were significantly lower than expected because we faced unforeseen costs. She asks for feedback.
- **Andreas** praises the HHV for the thoroughness with which it prepared the meeting materials.
- **Kat** thanks everyone for the praise, but doesn't want to set a new standard.
- **Niklas** also praises the clarity of the document. He notes that all items may change in a new budget. In this case, an explanatory statement in the meeting materials would likely not be necessary. However, he considers it useful for supplemental budgets.

Willi Kröning is entering the session at 19:38.

- **Kat** explains that an increase in the semester fee is urgently needed, as otherwise it will not be possible to offer courses or carry out FSR work.

- **Max** asks how much the current contribution is and by how much it should be increased.
- **Kat** replies that the current fee is 7 € and that the new fee of 12 € is requested. If you have any further questions, please feel free to contact Kat.
- **Levke** reports that approval had already been granted for 11 €.
- **Kat** asks whether it would be helpful to compare the budget directly with the supplemental budget in the meeting materials.
- General approval by the committee.

Point of Order from **Kat Schmidt**: Conclusion of the first reading

no objection, Point of Order accepted

IOTA 09 → 09 | 19:41 | Discussion & Decision: Release of Funds M-STURA-001-2026_27 – Expense compensation for the Executive Boar (Willi Kröning)

Motion Text

We elected a third board member at the last meeting!
Now, of course, Jan should also receive the same expense allowance as the rest of the board.
The details can be found in the budget approval section of the public meeting materials.

Discussion

Klara Wilde is leaving the session at 19:42.

Kat will temporarily chair the meeting.

- **Andreas** asks whether Willi has had a change of heart since Marcus's expense reimbursement. At that time, he had opposed such a quick decision on the expense reimbursement.
- **Willi** can't remember. It must have referred directly to Marcus, because of his reelection.

Draft Resolution: The Student Council of the FSU Jena approves the release of funds M-STURA-001-2026_27 in the amount of 2 500 €, thereby providing a monthly expense allowance of 500 € to Jan Haedicke as a member of the StuRa Executive Board from May 2026 until the end of his term of office, no later than September 2026, inclusive.

Voting: 14 Yes / 1 No / 0 Abstention **accepted**

IOTA 10 → 10 | 19:46 | Discussion & Decision: Release of Funds M-STURA-002-2026_27 – Expense compensation for the HHV (Willi Kröning)

Motion Text

At our last meeting, we appointed Kat as our new HHV!
Now, of course, she should also receive the corresponding AE.
The details can be found in the budget approval section of the public meeting materials.

Discussion

- Kat asks if anyone has any questions. But no one does.

Klara Wilde is entering the session at 19:48.

Draft Resolution: The Student Council of the FSU Jena approves the release of funds M-STURA-002-2026_27 in the amount of 1 500 € and, accordingly, a monthly expense allowance of 300 € for Kat Schmidt as the StuRa's budget officer, effective May 2026 until the end of her term of office, but no later than September 2026.

Voting: 16 Yes / 0 No / 1 Abstention **accepted**

Klara will once again chair the meeting.

IOTA 11 → 11 | 19:48 | Next Session

Discussion

- **Klara** points out that the next meeting does not necessarily have to take place next week, since the membership fee regulations no longer need to be approved.
- The committee would like the next meeting to be held in two weeks.
- **Chiara** points out that it is the Tuesday after Pentecost and that some members of the Student Council may not have returned to Jena yet. However, only one member (Andreas) responds when Klara asks.
- **Andreas** is counting on Deutsche Bahn's goodwill.

IOTA 12 → 12 | 19:50 | Miscellaneous

Willi wants to talk about the gaps

- **Willi** thinks he remembers that, until about two years ago, the procedure was simply to replace the dashes with names, without the need for an amendment. Willi wonders whether the current procedure is really necessary.
- **Niklas** says that there could be a list of two or more people and that the committee should at least vote on the inclusion of the names.
- **Andreas** generally agrees. He also distinguishes between the different ways in which a resolution is reached. If, as with the MoO, there is a possibility that other people might come forward or that there is a choice between several candidates for a position, he believes it is important to be able to trace, based on the amendments, exactly how the resolution was reached. This is not necessary for elections, but it is for votes.
- **Klara** offers to look through older minutes, since she remembers that back then the gaps were filled in by amendments, and hopes to find something nice. Besides, it doesn't hurt anyone to leave the gaps as they are.
- **Willi** asks to what extent amendments make the work easier.
- **Niklas** responds that the focus should not be on simplicity, but rather on accuracy and transparency. It must be possible to determine from the meeting minutes that this represents the opinion or resolution of the MdStuRa. He suggests discussing this further with Willi after the meeting.
- **Willi** wants to clear this up now.
- **Niklas** explains it again from the beginning: The committee must make a decision regarding who is included in the text of the resolution. It is easier to have a set procedure for this. This also prevents future complaints about unfair treatment (e.g., one person cannot complain that the other candidate for a position was already included in the text of the resolution and therefore had an advantage. Instead, in such a case, two amendments would have to be proposed, and the committee would then vote on both.).

Peter Wiemuth is leaving the session at 19:59.

Levke Jansen is leaving the session at 20:01.

Leonard Schönfeld is leaving the session at 20:01.

Outlets in the lecture halls at CZS 3

- Department 4 contacted us because we mentioned at the last executive committee meeting that there aren't enough electrical outlets in CZS 3.
- The proposal: Every fifth row will have power in the HS. Direct quote from Klara: "That doesn't sound like much, but every fifth row is still more than we have now."
- Besides, that way there would really be a power outlet at every seat, which you could of course plug into even from the front or back rows.
- If that isn't enough for us, we could also discuss installing it every third row. However, that would be significantly more complicated because the power grid isn't designed for it. It would also be possible, in principle, to start by installing it every fifth row and then expand from there. But that would, of course, be twice as much work, so the university would like to hear our opinion beforehand on whether installing it every fifth row would be sufficient.
- **Niklas** suggests installing as many outlets as possible in the conference room so that it can serve as a positive example. When it comes to the lecture halls, however, he favors a simple and quick solution, so installing outlets in every fifth row would be sufficient for now. He would also like to know whether each row will be connected to its own circuit breaker.
- **Chiara** asks what will happen to the rooms that have only four rows or fewer. **Klara** replies that this actually refers only to the large lecture halls in CZ3.
- **Marcus** questions how practical it is to install outlets in every fifth row, in case it is decided that more rows should be equipped after all. He also notes, as does Chiara, that there are indeed still some rooms in CZ3 that suffer from a low density of outlets.
- **Kat** asks about a previous suggestion regarding loading docks, but Klara clarifies that it only concerns the furnishings in the foyer.
- **Marcus** would like to once again draw attention to lecture halls 4, 5, and 6, which are currently in urgent need of electrical outlets. Please make sure those are upgraded as well.

Katharina Gabriel is leaving the session at 20:08.

Jan talks about "Uni gegen Rechts"

- In the context of the current debate over the abolition of student councils in Saxony-Anhalt, "Uni gegen Rechts" reached out to us to ask if we could support them. Jan asked what specific kind of support they needed. They suggested a mass email and a student general assembly. We can't really imagine holding a student general assembly, but we can see the value in a mass email.
- There was no objection from the committee.
- **Tom** adds that this will also be on the agenda for the next KTS meeting.

IOTA 13 → 13 | 20:13 | Session Colour

Discussion

- **Nele** suggests using yellow lead-free glass.
- **Niklas** suggests the random color 145 / 73 / 136.
- **Marcus** suggests Maurice's hair color.
- **Andreas** suggests "Wa(h)lurnen-Wal-Lila".
- **Chiara** wants lilac.
- **Willi** wants PAF Orange.
- **Marcus** wants ash grey. That's grey, so it won't be accepted.
- **Andres** wants a pink heart with lines.
- **Tom** presents the following spectacular color: Zn | ${}^3P_2 \rightarrow {}^3S_1$ transition.
- **Marcus** wants malachite green
- **Chiara** wants blue linoleum.
- **Nele** wants malachite green.
- **Akin** wants an RGB code: 67 / 67 / 67. That is gray and is therefore not accepted.
- **Marcus** wants Puce.

Maurice Reitzig is leaving the session at 20:13.

Clara Höpfner is leaving the session at 20:13.

Paul Weiß is leaving the session at 20:17.

Akin Rosenkranz is leaving the session at 20:20.

Point of Order from **Marcus**: We'd like to get some feedback on what color the meeting should be.
Objection from **Andreas**: The days of a two-person executive board are over! So there's no longer any reason to pass this task off to the board and shirk your own responsibility!
withdrawn

Point of Order from **Willi**: Same as Marcus
objection from **Andreas**: Same as before.
Voting: 6 Yes / 3 No / 1 Abstention **accepted**

Opinions are gathered about which should be the session color for the current session.
Result: 3 Yellow Shades / 3 Random Colors / 6 Maurice's Hair Color / 3 Whale-Purple / 3 Lilac / 3 PAF Orange / 4 Striped Heart Pink / 6 ${}^3P_2 \rightarrow {}^3S_1$ / 3 Linoleum Blue / 3 Puce / 4 Malachite Green
→ **The session color is decided by a tiebreaker between Maurice's hair color and ${}^3P_2 \rightarrow {}^3S_1$.**

Point of Order from **Klara**: Opinion Poll / Runoff Election
objection from **Tom**: Andreas's Counterargument
Voting: 5 Yes / 4 No / 1 Abstention **accepted**

Opinions are gathered about which should be the session color for the current session.
Result: 5 Maurice's hair color / 6 $^3P_2 \rightarrow^3 S_1$
$\rightarrow$ **Thus,** $^3P_2 \rightarrow^3 S_1$ **is the session color.**

☼ *We wish everyone who has read this far a sunny week, whether you're in Jena, Mainz, Göttingen, Tübingen, Aachen, or the most beautiful federal city on the Rhine.* ☼

Jena, October 5, 2026

Klara Wilde, Kat Schmidt
Session Leadership
