Public Record

22nd Session | StuCo | Term 2025/26

21st July 2026 | 18:18 - 19:26 | SR 114 | Carl-Zeiss-Straße 3

DISCLAIMER: This translated record is not legally binding and just for informational purposes. For the legally binding document see the german version.

present MoStuCo: Andreas Bagehorn, Katharina Gabriel, Jan Haedicke, Bennet Hartung, Clara Höpfner, Willi Kröning, Niklas Menge, Maurice Reitzig, Akin Rosenkranz, Nele Wagner, Paul Weiß, Peter Wiemuth (until 19:21), Klara Wilde, Antonia Zahn

excused MoStuCo: Chiara Daskiewitsch, Stefan Huber, Robert Pohle, Max Weber, Christoph zur Mühlen

unexcused MoStuCo: John Kaube, Sander König

dormant MoStuCo: Nikolai Demisch, Aenna Fink, Carla Franke, Jonah Hohlfeld, Smilla Kreuzberg, Luisa Queck, Linda Raschke, Reiner Sandmann, Leonard Schönfeld, Henning Sylla, Lenard Thost, Götz Wagner

present cMoStuCo: Tom Daubmann (Deputy Treasurer), Kat Schmidt (Budget Manager)

Guests: Justine Hofmann, Vincent Kempfer, Hauke Rehr

Executive Board: Chiara Daskiewitsch, Jan Haedicke, Klara Wilde

IOTA 01 → 01 | 18:18 | Reports

Klara reports from the Executive Board.

- There was an extraordinary Executive Board meeting at which the urgency of a release of funds was established. The relevant documents were sent to the members of the Student Council.
- The reason for the release of funds is that we received a letter from the Administrative Court today requesting payment of fees for the transfer of a case. As there is a deadline that would expire before the next Student Council meeting, we are voting on the release of funds today.

Kat reports on financial matters.

- The people who intended to present the financial application unfortunately cannot attend today. The body is welcome to familiarize itself with the matter and, if necessary, contact the organization. Otherwise, they will presumably appear at a meeting again in September.

Tom reports on the inventory.

- The Student Council storage room and the workspace were completely inventoried and tidied up last weekend. Tom points out that the pile of rubbish in the conference room (including three moldy coffee machines) will remain there for approximately two more weeks – anything that has not been salvaged by then will be disposed of.
- Apart from the Communications Department storage room, details in the Executive Board office, and the Medicine office in Lobeda, the inventory is now complete.

IOTA 02 → 02 | 18:23 | Determination of the Quorum and Discussion & Decision of the Agenda

Determination of a quorum

- Of the **34** elected MoStuCo members, **11** have suspended their mandates. This leaves **23** MoStuCo members eligible to vote.
- A quorum is reached when **12** MoStuCo members eligible to vote are present. A two-thirds majority is achieved with **16** yes votes from the voting MoStuCo members present.
- There are **11** voting MoStuCo members present; the body is therefore **quorate**. A two-thirds majority is **not possible.**

The session is interrupted at 18:26 for 15 Minuten minutes.
The Session proceeds at 18:31.

Paul Weiß is entering the session at 18:30.

Clara is entering the session at 18:31.

Maurice is entering the session at 18:31.

- Of the **34** elected MoStuCo members, **11** have suspended their mandates. This leaves **23** MoStuCo members eligible to vote.
- A quorum is reached when **12** MoStuCo members eligible to vote are present. A two-thirds majority is achieved with **16** yes votes from the voting MoStuCo members present.
- There are **14** voting MoStuCo members present; the body is therefore **quorate**. A two-thirds majority is **not possible.**

Preliminary agenda

IOTA 1 Reports

IOTA 2 Determination of the Quorum and Discussion & Decision of the Agenda

IOTA 3 5. Reading & Decision: Supplementary Budget 2026_27 (HHV)

IOTA 4 Discussion & Decision: Funding Application FA-003-2026_27 – Navli Navrati (Kalp Jigar Shah)

IOTA 5 Discussion & Decision: Release of funds “Stay on the Ball” (Niklas Menge)

IOTA 6 Discussion: Funding application Frei(t)raum (Executive Board)

IOTA 7 Discussion: Next Session

IOTA 8 Miscellaneous

IOTA 9 Discussion: Session Colour

Discussion

- The Executive Board previously determined the urgency of an agenda item at an extraordinary Executive Board meeting.
- **Kat** notes that nobody is present to present the financial application. The body should therefore decide whether it nevertheless wants to deal with it. **Niklas** would like to briefly discuss the financial application.

Draft Resolution: The Student Council of the FSU Jena adopts the agenda below.

Voting: 14 Yes / 0 No / 0 Abstention **accepted**

Adopted agenda

IOTA 8	Discussion: Next Session
IOTA 9	Miscellaneous
IOTA 10	Discussion: Session Colour

IOTA 03 → 03 | 18:33 | 5. Reading & Decision: Supplementary Budget (HHV)

Motion Text

Dear members of the Student Council,

we are now entering the 5th reading, so our supplementary budget is now old enough to start school.
The following changes have been made compared to the previous version:

- A.09.01.3.2 Maintenance of accounting software: Unfortunately, we received the news that the subscription price will increase starting in September, so this item had to be increased slightly.
- A.10.02.3 Other compensation payments: As one person from the referendum commission is waiving their compensation, this item could be reduced by 50,€.
- A.02.11 Social Affairs: This item was reduced by 20,€ in order to balance the budget. Since the department is currently suspended due to a lack of financial training, no funds have been or can currently be used this semester anyway.

In addition, the designation of item A.03.01.5 was changed to A.03.01.2 to reflect the deletion of the intervening items.

As always, I look forward to your comments.

Best wishes,

Kat

Discussion

- **Kat** briefly presents the changes compared to the previous reading.
- There are no questions. However, there are not enough people present to adopt the budget.

Point of Order from **Willi**: End of the reading

no objection, Point of Order accepted

IOTA - → 04 | 18:35 | Discussion & Decision: Release of Funds M-STURA-011-2026_27 – Court costs Stud./Person 2 (HHV)

Motion Text

see short description

Discussion

- **Jan** briefly presents the agenda item.
- In response to a question from Andreas, **Kat** explains in more detail: The ongoing proceedings were referred by the competent judge to an Administrative Court. The admission of the case by the Administrative Court initially incurs additional costs. It is currently unclear whether the court fees already paid in the previous step can be credited against these costs; in any case, the full amount must initially be paid now.
- no further questions

Draft Resolution: The Student Council of the FSU Jena approves the release of funds M-STURA-011-2026_27 in the amount of 520 € for court costs in the proceedings Stud./Person 2 from budget item A.07.01.

Voting: 14 Yes / 0 No / 0 Abstention **accepted**

IOTA 04 → 05 | 18:39 | Discussion & Decision: Funding Application FA-003-2026_27 – Navli Navrati (Kalp Jigar Shah)

Motion Text

Hello Student Council of FSU,

as every year, we are delighted to organize our Navli Navratri Jena dance festival again this October.

This year is something very special for us. After spending a year in Weimar, we are returning to Jena with our festival – the place where it all began. We are very happy to continue this tradition in Jena and celebrate together with the students.

First of all, we would like to sincerely thank the Student Council of FSU for its long-standing support. Since 2019, we have been able to successfully organize our festival with your help. Until 2023, the Student Council of FSU was an important partner for us and its support made a significant contribution to the development of Navli Navratri Jena.

Over the past two years, our organizing team has changed significantly. Many of the previous organizers have left Jena and new students have joined the team. This change was a major challenge for us, and it took some time before we were able to work together again as a stable team. In the meantime, we have built up a good group of organizers again and would like to continue and improve our festival in the coming years.

Unfortunately, we did not submit a financial application to the Student Council of FSU during the past two years. As a result, we did not have sufficient financial support for the event and had to compensate for a loss in 2024. Thanks to the great support of our community, we were able to overcome this difficult situation. This showed us how important our festival is to our community and how strong the sense of solidarity has remained.

For this reason, we would now like to resume the successful cooperation of previous years and submit our financial application for Navli Navratri Jena 2026. We would be very pleased if the Student Council of FSU could support us again and if we could continue our cooperation in the coming years.

I have sent you a summarized financial application containing the financial plan and project description. You will find all important information about our event there.

We would be very happy if our financial application could be discussed at the next Student Council meeting. If necessary, I would also be happy to attend in person to present the project and answer any questions.

Thank you very much for your time and support. We are very much looking forward to resuming

our cooperation with the Student Council of FSU and continuing to enable cultural events for students in Jena together.

Best regards,
Kalp Shah

Discussion

- **Niklas** remembers that there were problems with the accounting for this project in the past.
- **Kat** explains that they have not submitted a financial application in the past two years. She does not know whether there were problems before that, and if so, whether the organization was actually responsible for them.
- **Willi** remembers that things worked better the last time than the time before.
- **Paul** was the Budget Manager at the time and remembers the history. He agrees that the last time was not as bad as the time before. It was definitely within acceptable limits. He would not advise against cooperating with them.
- **Willi** also emphasizes that the financial application was submitted very well and comprehensively this time. This was not necessarily the case in the past either and therefore gives reason to hope for a smooth settlement.
- **Jan** asks which budget item the money is supposed to come from.
- **Kat** explains that there is no money left in the external funding budget item. It is unfortunate that we are receiving so many good financial applications precisely now, when we have had to make such significant cuts. We are currently looking into whether some money can be obtained elsewhere through other collaborations with, for example, FSRs or departments. However, it is not really possible to make cuts elsewhere to finance this.
- **Kat** would like to postpone the agenda item so that the applicants can still present the project. Perhaps another cooperation opportunity will arise in the meantime.

Point of Order from **Kat Schmidt**: Postponement

no objection, Point of Order accepted

IOTA 05 → 06 | 18:47 | Discussion & Decision: Release of funds "Stay on the Ball" (Niklas Menge)

Motion Text

Good evening,

as we learned today, the Executive Board likes to stay on the ball, but when things get stressful, this sometimes seems to be difficult.

Following my survey regarding the Student Council Executive Board, I would like to apologize for not staying on the ball myself and would now like to get back on the ball and submit the following application:

75,€ + 5,€ buffer for a Women's Football EURO 2025 ball to stay on the ball.

As a budget item, I suggest office supplies 🙂

As for the financial plan and form, it is a bit too warm here right now, but when I am back at the finance office, I will gladly fill them out on site.

As for the quotation below, I ask you not to ask any questions – the whole point of the joke is to ask them during the meeting ;P

Best,
Niklas Menge

Quotation: https://www.sport-boeckmann.de/a/adidas-konektis-pro-ball-weiss-blau-rot-lucid-lemon-gr-5/jh1261-5?campaignCode=idealo

[Note by the Executive Board: If you are wondering why this agenda item is named differently from the usual pattern for releases of funds, we would like to briefly explain. Niklas submitted the release of funds as M-BALL-042-2026_27, as can be seen from the form. This caused us considerable (headache-inducing) problems when naming the agenda item, so we ultimately gave up. However, the motion text contains the M-number as submitted in order not to completely spoil the fun.]

Discussion

- The agenda item was already discussed extensively at the previous meetings. There is no further need for discussion within the body.

Draft Resolution: The Student Council of the FSU Jena approves the release of funds M-BALL-042-2026_27 in the amount of 80 € for a Women's Football EURO 2025 ball to stay on the ball.

Voting: 1 Yes / 12 No / 1 Abstention **rejected**

IOTA 06 → 07 | 18:48 | Discussion: Funding application Frei(t)raum (Executive Board)

Motion Text

Dear members of the Student Council,
your Executive Board plus Kat were busy collecting donations at the 2026 summer festival. The result is quite impressive! We raised 775.05 €! Of course, this is still far from enough to completely renovate the Frei(t)raum.

Through our university president, we have made contacts with the Sparkassenstiftung Jena-Saale-Holzland. We could submit a funding application to this foundation in order to renovate the Frei(t)raum.

We view this opportunity very positively and would welcome cooperation with the foundation.

Before taking any further steps, however, we would like to discuss this with you and hear your opinions.

Best,
Your Executive Board

Discussion

- **Jan** presents the agenda item.
- **Klara** adds that she would generally welcome opinions on how we should deal with applications of this kind. Would members like to be informed and give their opinion every time before an application is submitted? Or would they rather only be informed afterwards?
- **Andreas** considers funding applications generally useful. He advocates asking the Student Council beforehand.
- **Bennet** asks whether this concerns funding without consideration in return, or whether the foundation expects something in return. The Executive Board replies that the funding application (unlike sponsorship) will presumably not require any significant consideration in return.
- **Klara** explains that we will hardly have to provide anything in return.
- **Hauke** believes that the foundation primarily uses such projects for positive self-promotion, so the implementation of the project itself is already the consideration in return.
- **Niklas** also thinks that a plaque may perhaps have to be put up somewhere, but that would not be a big deal.
- **Klara** asks again whether, for future applications, it would be sufficient to briefly mention potential funding applications under Reports or Any Other Business (and discuss them further if necessary), or whether each application should be submitted as a separate agenda item.
- **Andreas** thinks that mentioning them under Any Other Business would be sufficient. A new

agenda item would primarily make sense if there is also new substantive input, e.g. if a completely different project is to be funded that first needs to be presented.

Point of Order from **Tom**: Opinion poll on how to deal with funding applications in the future
no objection, Point of Order accepted

Opinions are gathered about how we want to deal with funding applications.
Result:

- 2 for Every application should always be a separate agenda item
- 14 for Yes to the Sparkassen application
- 11 for Only new projects should be presented as separate agenda items
- 6 for Funding applications should only be briefly presented under Any Other Business
- 7 for Funding applications should only be briefly presented under Reports

→ The Executive Board will submit the funding application to the Sparkassenstiftung; further funding applications for the same project will be mentioned in advance under Any Other Business, and new projects will be presented as separate agenda items.

IOTA 07 → 08 | 19:00 | Next Session

Discussion

- **Jan** asks for suggestions. Nobody has any suggestions.
- August 11 is set as the date for the next meeting. Since the meeting thus follows the FSR-Kom meeting, releases of funds or similar matters can be decided on directly by the Student Council.

IOTA 08 → 09 | 19:03 | Miscellaneous

Higher Education Funding Marcus shared an email with us: “attached is an email with a petition launched by the GEW on the topic of "Securing higher education funding." I would be happy if you could share it.”

- The body has several questions about what kind of petition this is. With a sufficient number of signatures, the issue of higher education funding is to be brought before the state parliament. The body is in favor of forwarding the petition.

Idea from Halle for the start of the semester: Club Tour

- An offer came from the Student Council in Halle that first-semester students could get into clubs at significantly reduced prices during the introductory week (STET).
- Quote from the email: “Your part is ultimately just to give the green light for the contractual partnership so that the event can take place under your name, and to do a little advertising via your social media channels. The professional organization, all logistics, and the financial risk are currently handled by Turm Event GmbH in Halle and Leipzig.”
- The project is already running in Halle; Magdeburg and Leipzig have also been contacted.
- **Klara** is rather opposed to the idea because the city is currently already working on organizing a Long Night of Club Culture for the start of the semester. We do not necessarily need to promote a competing offer from an external company.
- **Kat** also points out that we do not even have the same club scene as Leipzig. Our prices are considerably lower. She wonders how much further the clubs could reduce their prices while still making a profit. She also finds it somewhat dubious to simply trust a company we have never heard of before to run events under our name.
- **Willi** wonders whether the company would also do this if we did not advertise. If so, perhaps we should inform people about the competing offer.
- **Bennet** wonders how the company makes a profit. Unfortunately, this is not explained in much detail in the email. He also agrees with Kat that Jena does not have enormous club capacities.
- **Jan** points out that the idea is not only about clubs, but also about bars and somewhat more remote venues that are supposed to become better known.
- **Kat** believes that the FSRs and departments already provide precisely these kinds of offers. It seems somewhat like an attempt to commercialize an already existing practice that is connected to the transition into university and the cohesion of the student department.

Point of Order from **Kat**: Opinion poll on whether we want to enter into this cooperation
no objection, Point of Order accepted

- The body has several further questions concerning the content of the email.
- **Klara** reads out the email. There is general amusement about the party boat mentioned in the email. The question arises whether the party boat would travel as far as Jena.
- The proposal is generally viewed critically.

Opinions are gathered about how to proceed with the cooperation proposal
Result: 0 Yes / 15 No / 2 Contact the Student Council of Halle or the company first

Scholarship Platform

- We received an email from Togetherup. This is a voluntary organization that lists various scholarships, including their requirements and deadlines. If a student finds a scholarship that suits them, they are directed via Togetherup directly to the foundation's website.
- **Jan** asks whether we want to share this. The body agrees.

IOTA 09 → 10 | 19:21 | Session Colour

Discussion

- **Tom** suggests ReWi Pink.
- **Katharina** suggests Protocol Lavender.
- **Akin** suggests Neon Pink.
- **Niklas** suggests Random Color 19/51/65.
- **Antonia** suggests Neon Indigo.
- **Hauke** suggests Taupe.

Point of Order from **Kat Schmidt**: Opinion poll on what the meeting color should be
objection from **Willi Kröning on behalf of Andreas Bagehorn**: He "forgot" to submit PAF Orange.
Voting: 6 Yes / 5 No / 1 Abstention **accepted**

Opinions are gathered about which color should be the color of the current meeting.
Result: 3 ReWi Pink / 8 Protocol Lavender / 3 Neon Pink / 9 Random Color / 7 Neon Indigo / 1 Taupe → **The meeting color will be the random color.**

☀️🌊 *We wish everyone who has made it this far a successful exam period and a wonderful lecture-free period.* 🌊☀️
