EC2U Presentation

- **Leon** was already here two years ago. He presents the presentation contained in the session materials.
- **Sarah** would like to take over as Student Representative. For this purpose, EC2U would like to obtain the Student Council's approval. They are trying to make the succession process democratic by having the representative confirmed by the Student Council.
- **Hauke** was also involved with EC2U at one point. However, he regrets that he did not become more involved. He regrets that EC2U was not promoted more actively, which would have made access more democratic.
- **Sarah** would like EC2U to present various topics in a better-organised manner.

Point of Order from **Kat**: Opinion poll on whether Sarah should become representative
no objection, Point of Order accepted

Opinions are gathered about whether Sarah should become the new EC2U Student Representative at the FSU Jena.
Result: 14 Yes / 0 No
→ **The Student Council supports the proposal**

- **Willi** explains that the delegation process could be established in the regulations in order to make the process more transparent.

Paul Staab reports from the Teacher Education Department

- **Paul** says that there is still a gas cylinder left over from Koala.
- **Kat** says that she has already offered the gas cylinder to the FSR Committee twice, but no one was interested in it.

Paul Staab reports from the Administrative Board

- The Studierendenwerk is discussing its budget.
- **Paul Staab** asks whether the Student Council has any suggestions as to what the Studierendenwerk should spend its money on.
- **Kat** would like to see a QR code on the locking systems so that problems with the locking system in the residences can be reported easily and immediately. There have been various complaints that the locking system only worked properly after several attempts.
- **Klara** says that people would like room dividers in the cafeteria so that there are quieter areas. The cafeteria is often quite crowded and loud. Such dividers would create quieter spaces.

Jan reports from the Executive Board

- The price of the Deutschlandsemesterticket for the summer semester 2027 has now been determined. It will be €226.80. An increase in the price is expected for the winter semester 2027/28. The transport companies will announce more details by 28 February 2027.
- TVStud has written an open letter to the university's Executive Board. It concerns the recognition and remuneration of academic assistants. If you work at the university as a student assistant or in a similar position, you are welcome to sign it. If the Student Council as a whole also wants to sign the letter, we could add a decision to the agenda by means of an urgent motion.

IOTA 02 → 02 | 18:44 | Determination of the Quorum and Discussion & Decision of the Agenda

Determination of the Quorum

- Of the **34** elected members of the Student Council, **13** members have suspended mandates. Thus, there are **21** members entitled to vote.
- The quorum is reached with **11** members entitled to vote present.
  A two-thirds majority requires **14** yes votes from the members entitled to vote who are present.
- **13** members entitled to vote are present, so the body has a **quorum**. A two-thirds majority of the active members is **not possible**.
- A simple majority of all elected members is **not possible**.

IOTA 03 → 03 | 18:48 | 7. Reading & Decision: Supplementary Budget 2026_27 (Head of Finance)

Motion Text

Dear members of the Student Council,

we are now entering the 7th reading, so our supplementary budget is already old enough to start school.
The following changes have been made compared with the previous version:

- A.09.01.3.2 Accounting Software Maintenance: Unfortunately, we received notification that the subscription will become more expensive from September, so this budget line had to be increased slightly.
- A.10.02.3 Additional Compensation: As one person from the referendum commission is waiving their compensation, this budget line could be reduced by €50.
- A.02.11 Social Affairs: This budget line was reduced by €20 in order to balance the budget. Since the department is currently blocked due to a lack of financial training, no funds have been or can currently be used during this semester anyway.

In addition, the designation of budget line A.03.01.5 was changed to A.03.01.2 to reflect the deletion of the intervening budget lines.

As always, I look forward to your comments.

Best wishes from the Head of Finance,

Kat

Discussion

- **Willi** would like the necessary quorum for (supplementary) budgets to be included in the determination of the quorum in the future, so that it is clear in sessions such as this one when there are not enough people present for a decision.
- **Klara** will introduce this directly in the minutes of this session.

Point of Order from **Stefan**: Postponement **no objection, Point of Order accepted**

IOTA - → 04 | 18:51 | Discussion & Decision: Advertisement for the Campus Radio Editor-in-Chief Position (Executive Board)

- **Peter** presents the advertisement as Managing Director.
- **Kat** would like to add to the advertisement that applications can also be submitted in paper form. The website does not make it immediately clear that applications do not have to be submitted digitally only.
- **Klara** says that they are already working on data protection disclaimers and can add one to the advertisement.
- There is uncertainty as to whether the position is classified as pay grade EG 9a under the TV-L collective agreement or as EG 9b under TV-L. Peter goes to the Executive Board office to check.

Point of Order from **Klara**: Interruption of the agenda item **no objection, Point of Order accepted**

Peter is leaving the session at 18:55.

Return to TOP 12 at 19:00 on *page 11*.

Motion Text

Hello Student Council of the FSU,

as every year, we are delighted to organise our Navli Navratri Jena dance festival again this October.

This year is particularly special for us. After one year in Weimar, we are returning to Jena with our festival – the place where it all began. We are very happy to continue this tradition in Jena and celebrate together with the students.

First of all, we would like to sincerely thank the FSU Student Council for its long-standing support. Since 2019, we have successfully organised our festival with your assistance. Until 2023, the FSU Student Council was an important partner for us and its support contributed significantly to the development of Navli Navratri Jena.

Over the past two years, our organising team has changed significantly. Many of the former organisers have left Jena and new students have joined the team. This change was a major challenge for us, and it took some time until we were able to work together again as a stable team. In the meantime, we have built up a good group of organisers again and would like to continue and improve our festival in the coming years.

Unfortunately, we did not submit a funding application to the FSU Student Council during the past two years. As a result, we did not have sufficient financial support for the event and had to compensate for a loss in 2024. Thanks to the great support of our community, we were able to overcome this difficult situation. This showed us how important our festival is to our community and how strong the sense of solidarity has remained.

For this reason, we would now like to resume the successful cooperation of previous years and submit our funding application for Navli Navratri Jena 2026. We would be very pleased if the FSU Student Council could support us again and if we could continue our cooperation in the coming years.

I have sent you a condensed funding application containing the financial plan and project description. It contains all the important information about our event.

We would be very pleased if our funding application could be discussed at the next Student Council meeting. If necessary, I would also be happy to attend in person to present the project and answer any questions.

Thank you very much for your time and support. We are very much looking forward to resuming our cooperation with the FSU Student Council and continuing to enable cultural events for students in Jena together.

Best regards,
Kalp Shah

Discussion

- **Kat** says that she forwarded the festival to the FSRs, but there was no response.
- **Marcus** says that we simply do not have any money.
- **Jan** says that it is only fair to reject the application promptly so that the organisers can look for alternative sources of funding.

Draft Resolution: The Student Council of the FSU Jena approves funding application FA-STURA-003-2026_27 in the amount of €500 for the Navli Navratri 2026 dance festival.

Voting: 2 Yes / 7 No / 3 Abstention **rejected**

IOTA 05 → 06 | 19:01 | Discussion & Decision: Funding Application FA-STURA-004-2026_27 – Diwali Celebration 2026 (Tarun Bhanwarlal Choudhary)

Motion Text

see project description

Note from the Executive Board: The project description states 2027 as the year. However, this is of course about this year's event.

Discussion

- **Kat** asks whether anyone from the Diwali Celebration organisation had presented the project to the Student Council beforehand. They had not.

Draft Resolution: The Student Council of the FSU Jena approves funding application FA-STURA-004-2026_27 in the amount of €500 for the Diwali Celebration 2026.

Voting: 1 Yes / 7 No / 3 Abstention **rejected**

IOTA 04 → 04 | 18:51 | Discussion & Decision: Campus Radio (Executive Board)

The agenda item was interrupted and will be resumed at 19:00.

Peter is entering the session at 19:00.

Discussion

- **Peter** confirms that the position is classified as pay grade E 9b.
- There are no further questions.

Draft Resolution: The Student Council of the FSU Jena approves advertising the Campus Radio Editor-in-Chief position at pay grade EG 9b under the TV-L collective agreement, fixed-term from 1 November 2026 to 31 October 2027, part-time at 8 hours per week.

Voting: 12 Yes / 0 No / 0 Abstention **accepted**

IOTA 06 → 07 | 19:02 | Discussion & Decision: Release of Funds M-STURA-013-2026_27 – Datenschutz-Guru Membership (Klara Wilde)

Motion Text

see project description

Discussion

- **Klara** explains the purpose of Datenschutz-Guru. The Data Protection Officer works with it. Datenschutz-Guru offers training workshops, meaning that we do not have to pay separately for training sessions. Since we were unable to approve the membership earlier and would therefore have lost our loyalty discount, Klara contacted the company. This saves us money in the long run because we were granted a free extension of several weeks so that we could approve continued funding of the subscription.

Draft Resolution: The Student Council of the FSU Jena approves release of funds M-STURA-013-2026_27 in the amount of €590 for an annual membership in Datenschutz-Guru PRO from budget line A.10.04.2 Training.

Voting: 13 Yes / 0 No / 0 Abstention **accepted**

IOTA 07 → 07 | 19:07 | Discussion & Decision: Release of Funds M-STURA-014-2026_27 – ALOTA (Political Education Working Group)

Motion Text

see project description

Discussion

- **Levke** presents ALOTA. They would like the Student Council to finance fees and materials for public relations.
- **Willi** asks, on behalf of unnamed persons who are not present, in a poor Saxon dialect, how many left-wing extremist organisations are supposed to be funded.
- **Kat** looked at the list of participants and was fortunately able to establish that there are no organisations among them with which we would fundamentally rule out cooperation. There will, however, be discussions with some of them beforehand. In addition, despite contrary announcements, no youth organisations from, for example, the CDU or FDP have registered. However, we only directly fund a handful of events. We mainly organise the supporting programme and print the promotional materials. The Rosa Luxemburg Foundation is also funding some events. The remaining events are financed by the groups that registered them themselves.
- **Klara** suggests proactively drafting a statement on ALOTA so that it can be published quickly in response to the usual criticism of ALOTA.
- **Maurice** asks what the benefit of drafting it in advance would be. **Klara** says that this would simply allow us to respond to enquiries more quickly.
- **Stefan** asks whether the film "There is no pride in Genocide" could lead to accusations of antisemitism against us. **Kat** replies that these films have already been shown in other cinemas and that other institutions have therefore already dealt with their content. Since the film is primarily about queer experiences, it should not be problematic.
- **Vincent** says that the Queer Department is already working on a statement.
- **Paul Weiß** asks what could be included in the Student Council's statement. **Klara** presents various possibilities: responding to potential accusations or writing a positive recap of ALOTA.
- **Willi** would prefer a possible defence rather than merely a recap.
- **Paul** wants a positive recap for awareness and as a review of ALOTA, rather than a justification.
- **Kat** thinks it is a good strategy for the Student Council to emphasise that it is the organiser of the supporting programme and not of the individual events. In addition, the supplementary budget does not provide for €1,000 but only €800 for ALOTA. The ALOTA team also wants to

purchase T-shirts left over from last year. She has already prepared a separate release of funds for this, in which the T-shirts are to be sold at their purchase price. However, because we have to pay VAT on the sale, the price was slightly higher than the purchase price last year. If we also want to cover the VAT in the price this year, the sale could be included in this release of funds.

- **Stefan** asks for the exact amount. Answer: approximately €14 without VAT and approximately €16 including VAT.
- **Willi** is opposed to including the purchase in the release of funds.
- **Kat** asks whether VAT should be paid as part of the price.
- **Marcus** is opposed to paying the VAT.
- **Kat** points out that there is also a reduction in the value of the shirts due to their age and wear.

Point of Order from **Kat**: Opinion poll on the T-shirt sale

no objection, Point of Order accepted

Opinions are gathered about whether VAT should be included in the price of the T-shirts.
Result: 1 Yes / 11 No
→ **VAT will not be charged on the T-shirts.**

Draft Resolution: The Student Council of the FSU Jena approves release of funds M-STURA-014-2026_27 in the amount of €1,000 for ALOTA 2026 from budget line A.04.01.

Voting: 13 Yes / 0 No / 0 Abstention **accepted**

IOTA 08 → 09 | 19:31 | Discussion & Decision: Release of Funds M-LEHR-007-2026_27 – STET (Teacher Education Department)

Motion Text

see project description

Discussion

- **Salty** presents the release of funds.
- **Kat** asks what is written on the bags. **Salty** explains that they are now receiving bags sponsored by a pharmacy after all and therefore do not have to order any.

Paul is leaving the session at 19:34.

Draft Resolution: The Student Council of the FSU Jena approves release of funds M-LEHR-007-2026_27 in the amount of €900 for STET 2026 from budget line A.02.02.	
Voting: 12 Yes / 0 No / 0 Abstention	**accepted**

Paul is entering the session at 19:35.

Juli is leaving the session at 19:36.

IOTA 09 → 10 | 19:36 | Discussion & Decision: Release of Funds M-STURA-017-2026_27 – Akrützel Printing Contract (Head of Finance)

Motion Text

Dear members of the Student Council,

I hereby submit the release of funds for the Akrützel printing contract starting in October. I prepared this on the basis of the offers provided by the Editor-in-Chief; a review by the Head of Finance is still pending. The Editor-in-Chief was also asked to provide a statement explaining the reasons in favour of the offer from Schöpfel.

Discussion

- **Dario** presents the motion. Schöpfel works very well with Akrützel. Among other things, they explain how the layout works to the new Editor-in-Chief and point out errors.
- **Marcus** agrees with Akrützel that they should remain with Schöpfel and additionally justifies this on the basis of tradition.
- **Christoph** says that the medical students do not have the Akrützel in their university premises. He advocates digitisation and suggests that the Akrützel be sent to all students by email.
- **Dario** says that without printed editions, Akrützel would lose a large part of its readership.
- **Vincent** asks whether the other printers also use recycled paper. **Kat** answers that they do.
- **Salty** says that the student inbox is extremely full and that Akrützel would probably just get lost there. In addition, the printed Akrützel edition is simply a tradition. The PDFs of the editions are also available on the Akrützel website.
- **Jan** agrees with Salty.
- **Klara** asks whether it would be acceptable for the FSR Medicine if they simply received a batch of copies through internal university mail and distributed them themselves.
- **Dario** says that the Schöpfel printing company will celebrate its 100th anniversary next year and that the editorial team hopes to receive an invitation.
- **Maurice** says that the medical students unfortunately also study at the ThULB and therefore have access to Akrützel there.
- **Willi** refers to economic efficiency and frugality. Content is more important to him than aesthetics.
- **Dario** says that the copies are delivered by Schöpfel and are not sent by post, meaning that the copies always arrive reliably. Since Schöpfel checks the formatting, misprints are also prevented.

- **Willi** asks whether the editions look different when printed by the other companies and whether proofs are possible.
- **Paul Staab** points out that changing suppliers usually leads to initial difficulties. The reliability of deliveries is therefore very valuable.
- **Kat** says that Wüst seems very shady, as they deliver +/- 10%, which is very inconvenient and makes planning impossible. She hopes that other offers can perhaps be found. In addition, costs change depending on material prices, which makes financial planning difficult.
- **Paul Staab** says that Schöpfel reserves the paper right at the beginning, meaning that the material costs remain constant.

Draft Resolution: The Student Council of the FSU Jena approves release of funds M-STURA-017-2026_27 for the Akrützel printing contract 2026/10 - 2027/09 in the amount of €13,500 from budget line A.03.01.1 Akrützel – Printing.

Voting: 11 Yes / 1 No / 1 Abstention **accepted**

IOTA 10 → 11 | 19:56 | Discussion & Decision: Establishment of a Rosencafé Working Group (Paul Staab)

Motion Text

Dear Executive Board, dear members of the Student Council,

Preparations for the project to continue operating Mensa Zur Rosen under student control are progressing in order to aim for a start as soon as possible.

In order to ensure integration into the student body and the Student Council, we would like to establish a Rosencafé Working Group to ensure an institutional connection until permanent structures have been established.

I propose myself as coordinator.

As always, I am happy to answer any questions.

Best regards,
Paul

Discussion

- **Paul Staab** wants the working group to be connected to the Student Council. This would allow them to obtain a Student Council webmail account.

Maurice is leaving the session at 19:57.

- **Klara** asks why the working group has to be established now and whether it would not be sufficient to do so during the next term. Answer: This is necessary so that the email address currently used by the Rosencafé can be used officially.
- **Hauke** asks what the problem with the email address is. **Klara** explains that no cooperation agreement can be concluded to permit use of the email address. A cooperation partner is required (through an association, which does not yet exist) or a working group.

Maurice is entering the session at 20:00.

- **Klara** says that this does not create any work for the Student Council. Only this decision is required so that the working group can be established.

Draft Resolution: The Student Council of the FSU Jena establishes the Rosencafé Working Group.	
Voting: 13 Yes / 0 No / 0 Abstention	**accepted**

Draft Resolution: The Student Council of the FSU Jena The FSU Jena Student Council appoints Paul Staab as coordinator of the Rosencafé Working Group.

Voting: 10 Yes / 0 No / 3 Abstention **accepted**

IOTA 11 → 12 | 20:02 | Discussion & Decision: Interim Financial Statement 2026_27 (Head of Finance)

Motion Text

Dear members of the Student Council,

According to the ThürStudFVO, an interim financial statement for the current financial year must be submitted to the body before the end of the term. We hereby do so.

The figures will probably not be completely comprehensible without further details. Questions can therefore be sent to finanzen@stura.uni-jena.de in advance as usual. Please do so early enough for us to bring any requested information and materials to the meeting.

Discussion

- **Kat** explains the interim financial statement. There are no questions.

Draft Resolution: The Student Council of the FSU Jena approves the interim financial statement for the current financial year.

Voting: 13 Yes / 0 No / 0 Abstention **accepted**

IOTA 12 → 13 | 20:05 | Next Session

Discussion

- **Klara** explains that there will be no further Student Council meeting during this term if everything goes according to plan.
- The next meeting will be the constituent meeting of the next term.

Akin is leaving the session at 20:06.

IOTA 13 → 14 | 20:06 | Miscellaneous

Market of Opportunities

- **Levke** would like the Executive Board/Student Council to review the participants and indicate which groups might be considered problematic.
- **Klara** says that the Executive Board can decide at its next meeting who may participate and who may not.
- **Levke** would like the Student Council to review the list today or tomorrow.

Marcus is leaving the session at 20:09.

Willi is leaving the session at 20:09.

- We discuss individual groups.

Katharina is leaving the session at 20:11.

Willi is entering the session at 20:11.

Paul Staab is leaving the session at 20:18.

New TeX Template

- **Hauke** has created a new template and is available to provide support.

Peter is leaving the session at 20:19.

Lena is leaving the session at 20:19.

DKMS Registration Campaign

- We were contacted by DKMS to ask whether we would be interested in organising a registration campaign on campus.
- **Klara** asks whether there are any volunteers.
- **Christoph** explains that the medical students are already planning to organise a campaign.

HadM Jury Meeting for the Allocation of Office Space

- The six applicants are: Salsa Classes Jena, Discofox Jena, PÁCA, BuKaMo, Debattiergesellschaft, and AktEins.
- Since there are sufficient spaces, all applicants could be admitted. As there are no objections from the Student Council, we support all of them.

Student Council Stand at the Market of Opportunities

- **Klara** asks whether any member of the Student Council is interested in staffing our stand.
- **Willi** is interested!

Miscellaneous from Willi

- The preparation of the annual financial statements for 2019, 2020, and 2021_22 is progressing. Ideally, these will be submitted to the Student Council for approval at the second meeting of the new term.
- He hopes to bring the new cooperation regulations (rules for cooperation, advertising, and sponsorship) as well as a revised financial regulations document, which he has prepared so far with feedback from the Executive Board and Finance Department, to the second meeting of the new term after review by the Legal Office and, if necessary, the Internal Affairs Department.

IOTA 14 → 14 | 20:26 | Session Colour

Discussion

- **Willi** suggests PAF Orange.

Point of Order from **Maurice**: Opinion poll between PAF Orange and "whatever"
Objection from **Kat**: Dear members of the Student Council,
in the last meeting of the 2025/26 term, the session colour was introduced. It has therefore existed for almost a year and has both provoked passions and beautified minutes during that time. And yet the final statistics reveal the obviously undemocratic nature of the session colour: Most frequently, no colour proposed or voted on by members of the Student Council or advisory members won; no, most frequently the session colour was chosen by the minutes team. This makes it clear that this is merely a pseudo-participatory measure intended to distract us from the fact that the truly important decisions are not nearly as democratic as they appear. Accordingly, following Krappmann's manifesto on genuinely democratic school culture, I therefore demand: Individual learning paths / session colours for all members of the Student Council. This means: Everyone may choose their own colour and have their individual version of the minutes coloured accordingly.
Voting: 2 Yes / 6 No / 1 Abstention **rejected**

- **Hauke** suggests eggshell.

- **Stefan** suggests Windows purple.
- **Kat** suggests an individual colouring fill.
- **Levke** suggests burgundy.
- **Willi** suggests rose gold on behalf of Marcus.

Christoph is leaving the session at 20:31.

Maurice is leaving the session at 20:33.

Clara is leaving the session at 20:33.

- **Klara** suggests apple green on behalf of Peter.

Point of Order from **Klara**: Opinion poll

no objection, Point of Order accepted

Opinions are gathered about which colour should become the session colour for the current session.
Result: 3 PAF Orange / 2 Eggshell / 1 Windows Purple / 4 Individual Colour Fill / 3 Burgundy / 0 Rose Gold / 2 Apple Green
→ **The session colour will be individual colour fill. Upon request, everyone will be sent an individually coloured version of the minutes. The version of the minutes on the website will remain colourless so that it can be coloured individually.**
